Connect Your Camera

Step 1

Power on your camera

Step 2

Download Yale View App

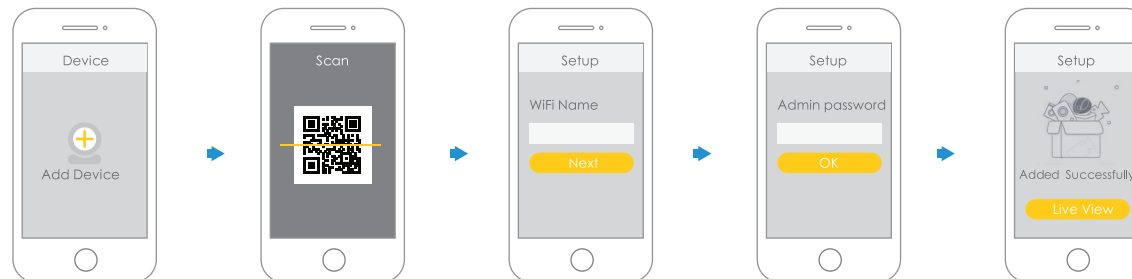

Step 3

Start Yale View App and register an account

Step 4

Follow the steps below to connect your camera

Note:

If you want to add more than one camera, please repeat step 4 for each camera. If you want to change wifi settings, please reset the camera to factory setting and repeat step 4.

Wall Mount Installation

Note: Please make sure the mounting surface can hold at least 3 x of camera weight

Step 1 Drill holes on the proper mounting surface according to the hole sites of installation position map.

Step 2 Knock the expansion bolts into the holes

Step 3 Use self tapping screws to install the quick installation board and fix it well

Step 4 Connect the device to power

Step 5 Adjust the device monitoring angle and stick the device on the quick installation board
